CAREER OBJECTIVE

Aspiring technology professional with skills in Python, web development, data analytics, and AI/ML, seeking an entry-level opportunity to apply my technical knowledge, solve real-world problems, and grow through continuous learning.

EDUCATION

Meerut Institute of Engineering and Technology (MIET) — **2023 – 2027**
Bachelor of Technology – Computer Science Engineering (Artificial Intelligence) — 80%

Intermediate — **2022 - 2023**
Seth B.K Maheshwari Girls Inter College — 78%

High School — **2021 - 2022**
Seth B.K Maheshwari Inter College — 80%

PROJECTS

Sign Language Detection System | ***Python, OpenCV, MediaPipe, Scikit-learn, Matplotlib*** — **September - 2025**
- Built a real-time system to detect A–Z hand gestures using webcam and MediaPipe. **Project Repository**
- Trained a RandomForest classifier on hand landmarks for gesture recognition.
- Added Text-to-Speech to convert recognized gestures into spoken words.

Object Detection and Tracking | ***Python, YOLOv8, DeepSORT, OpenCV*** — **September - 2025**
- Built a real-time object detection system using YOLOv8 pre-trained model. **Project Repository**
- Implemented multi-object tracking with DeepSORT to assign unique IDs.
- Displayed live bounding boxes and tracked objects via webcam feed.

Chatbot for FAQs | Python, spaCy, Scikit-learn — **September - 2025**
- Built a chatbot to match user queries with relevant FAQs. **Project Repository**
- Used spaCy for text preprocessing and lemmatization.
- Applied TF-IDF and cosine similarity to find the best-matching answer.

TECHNICAL SKILLS

- **Programming Languages:** Python , Java (basic)
- **Web Development**: HTML, CSS, JavaScript
- **Libraries:** NumPy, Pandas, Matplotlib, Django
- **Databases:** MySQL
- **API Testing**: Postman, rest API (basic)
- **AI & Machine Learning**: TensorFlow, OpenCV, Scikit-learn
- **Tools & Platforms**: Git, Jupyter Notebook, VS Code
- **Core Skills**: Problem Solving, Teamwork, Communication
- **Language**: Hindi, English

CERTIFICATIONS

- Deloitte Certified Program – Deloitte, 2025
- Python for Data Science – Infosys Springboard
- Building Gen AI Apps Learning Badge Path – MongoDB
- Google Cloud – 2025
- IBM – 2025
- TCSiQn career Edge – Young Professional

KEY HIGHLIGHTS

- Strong foundation in programming, web development, and AI concepts
- Experience developing AI-based and web projects
- Strong analytical and problem-solving abilities
- Quick learner with adaptability to new technologies
- Effective communication and teamwork skills
